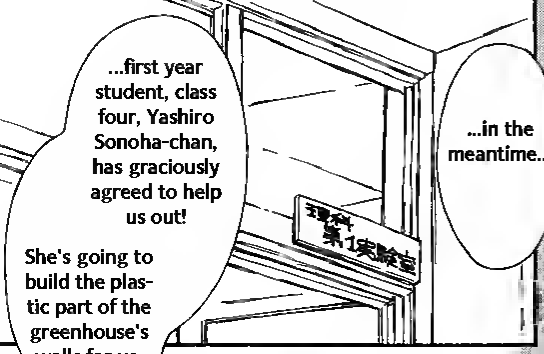
Bushido Angel Adventures Presents

I NEED THE SUN. 3



...in the meantime...
...first year student, class four, Yashiro Sonoha-chan, has graciously agreed to help us out!
She's going to build the plastic part of the greenhouse's walls for us.

Furuse
...you're pulling that attitude in front of a girl...?
Don't bring up the difficult or she'll get scared and run away
And this here is our lowliest member, Furuse!
Nice to meet you, too.
I'm the Vice President, Fujimura.
STARE
Nice to meet you
...
Are your ears just for decoration?
He didn't hear me..
!
I'll tell Sou-kun on you.
whisper

Yashiro sent you!
I didn't think he'd find someone with the confidence to help!
Ha ha ha...!
To be honest, I'm pretty surprised that
Ha ha ha ha
Just kidding! ♡
yank
Thank god ! A girl who can sew well...!
Even Yashiro-san is useful sometimes.
Lucky!
Big brother
My confidence level is 0...
That's right. I came here for a reason...
I was so nervous that I forget.
Uh...
Um...
Hm?
What was that?
Did you come here to ask us something?
The plastic you need isn't here yet, but maybe you didn't understand that?

"Exact measure-ments?"
"Official blueprints?"
Yes.
All I got from my brother was this memo with a rough dia gram It pos sible, I'd like the proper ones...
Isn't that memo the "official" one?
It's not "proper," but...
Huh?

Blueprints for the greenhouse, of course
My masterpiece...
Here
All we ever had to begin with...
...were the blueprints Ishidou drew up in that memo
Without shame.
What's this messy scrawl?
Ishidou-chan, your handwriting is pathetic...
...
Really? You're ll kidding?
Make it exactly this size, please.
So, of course
...for one week we constantly did our best to make the frame...
We worked like madmen.
...

Oh, maybe...
...the hand writing is too messy and Sono-chan can't read it?
Do you want a clean copy of the blueprints?
Yeah. She can do it with a clean copy
Ie they're these blue-prints...
Uh no I can
That's why... these are...
read these pretty much perfectly
W-well then
This memo is actually the right one ?!

NO
I mean, I can't...
What's the problem? These blueprints won't work?
You've been looking more and more uneasy for a while now
Well, what?
You can read them, but there's still something else?
Uh
These
Maybe it's my imagination, but
perhaps by some possibility

...
...
...
SONO-CHAN?
Yes!!
No!
I'm sorry.
I'm sorry.
I'm sorry.
I didn't mean
Did you fall asleep?
Or is this nonsense?
"The measurements are slightly messed up."

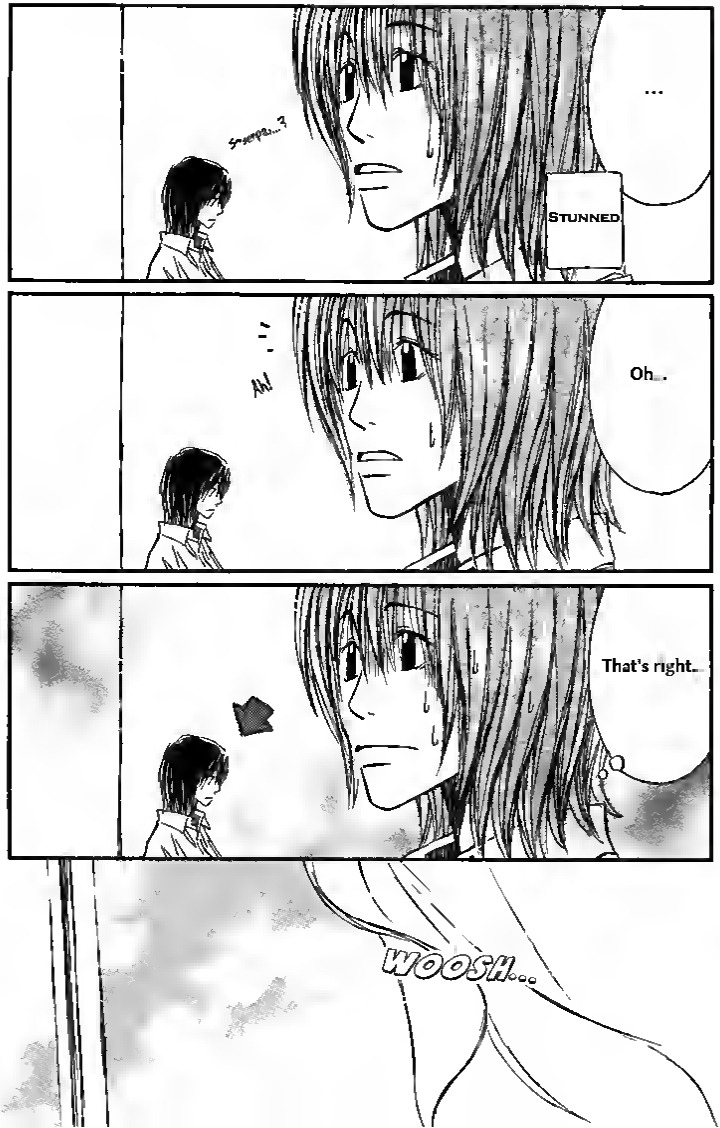
Is it hard for you to say...
...that?
...

When I tried to create the pattern, I kept trying to measure exactly, and I noticed
...halfway through, it wasn't going to come together...
I mean, the dimensions were a little out of alignment...
That's why you said, "A memo with a rough diagram..."
I get it now..*
Yes.
...and "I'm sure you guys have the accurate blueprints."
Ha ha ha
I'm sorry

Why are you apologizing?
You're not responsible.
Ishidou was the one who drew up the memo. And Ten and Fujimura were the ones who accepted it without question, right?
Huh?
AND WHO WAS THE ONE WHO NOTICED BUT DIDN'T SAY ANYTHING UNTIL NOW?
Me?
GRAB
KABANG!
EEEEEK!
KAAA
CLANG
CLANG
CLANG

Aargh!
Now I've gone and done it.
Huh? Huh? Huh?
...
...
BAMM
Sorry.
I'm going to get some air.

Furuse... you, too!
For the time being, stay here and don't leave!
If you ignore me, the lecture will be 3 times worse!
Sorry, Sono-chan!!
I'll bring him right back, so just wait here a minute!
Oh...
...tha...
Oh!
I can't!
Huuh?
Sono-chan keep your eye on Furuse.
I MEAN, AT LEAST, LEAVE THAT DANGEROUS WEAPON (A HAMMER) BEHIND!
DO YOU REALLY NEED A WEAPON TO GET FRESH AIR..!?
WAIT UP! DON'T RUSH OFF!
TEN!
Senpai...!
BANG

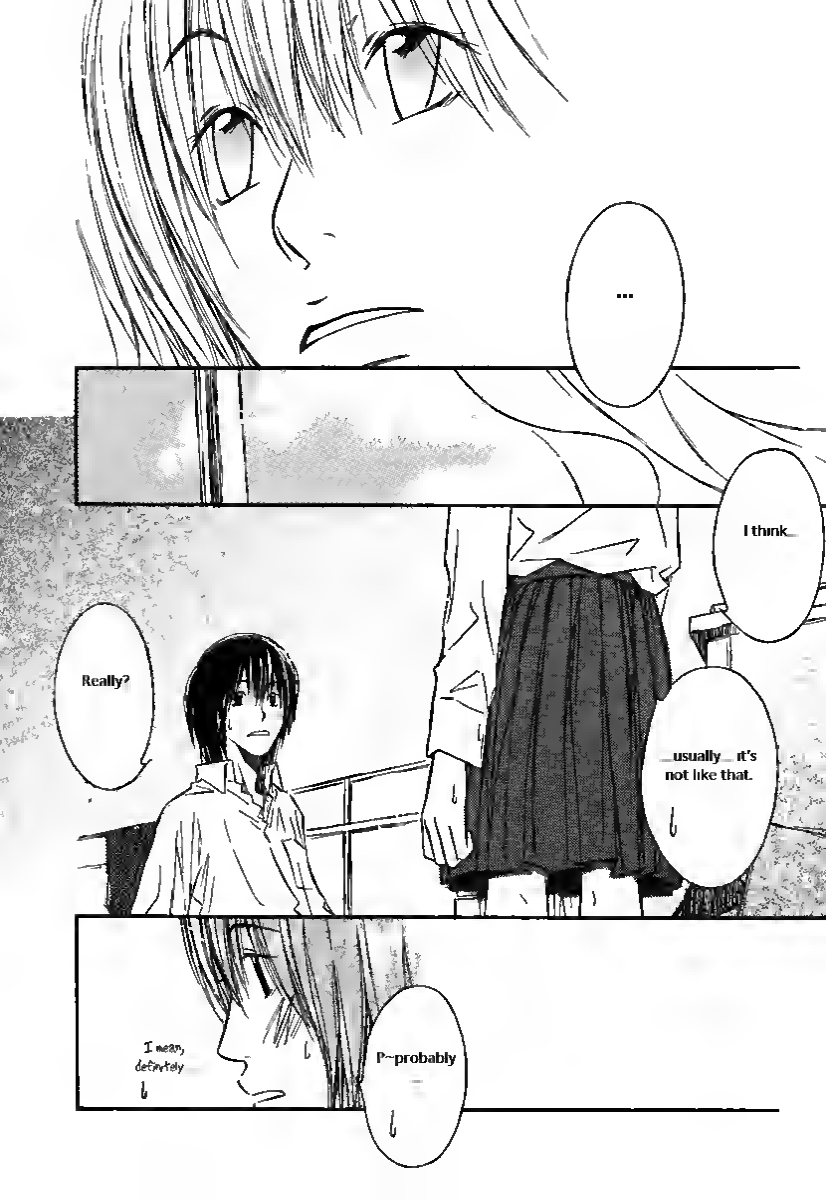


...
STUNNED
Oh...
That's right...
WOOSH...

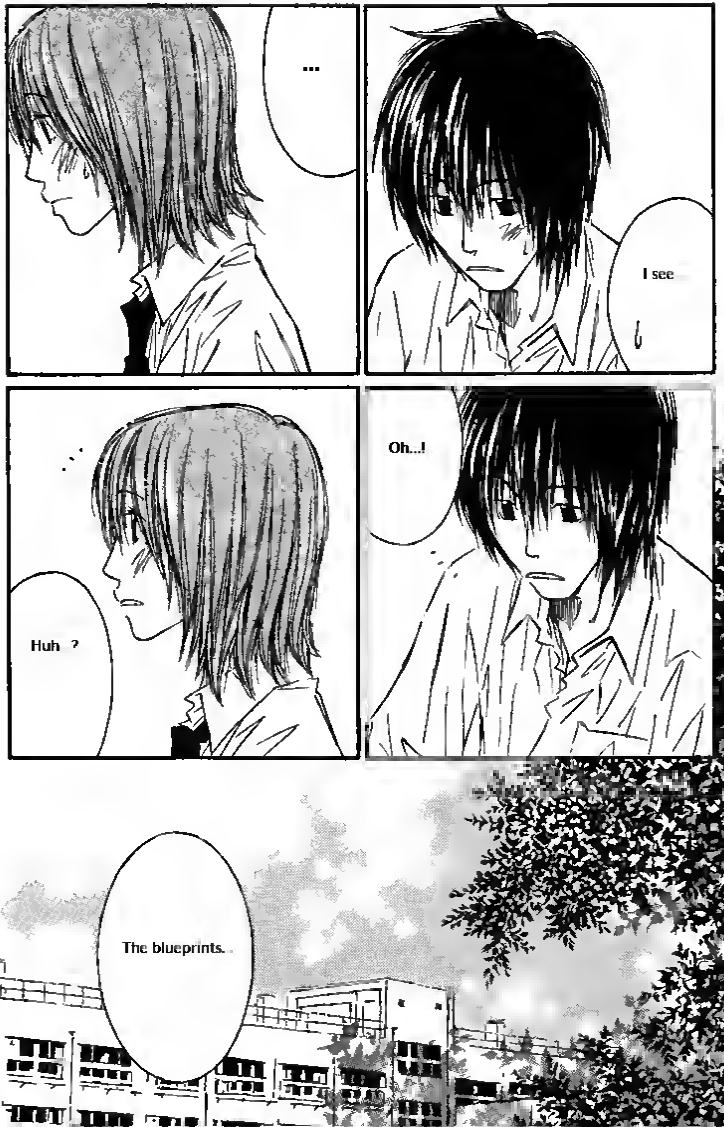
Huh?
Me?
But you're good at crafts. Remember when you made that vinyl backpack?
You could make a plastic greenhouse, too.
Hey, I just thought you'd help someone in need!
I mean, I thought you'd support your elder brother!

Oh...
I was taken in by my brother's fast talk...
What should I do...?
In this situation...
sigh
B~but... I...
...I'm not good with people...
Or things like club activities...
...
I'm...
BA-THUMP
HUH?
But You'll be "plastic" fine. You'll be fine. isn't a person!
Being brother!
Go on!
pat
Y...
...YES!
Y~YOU AREN'T... GOING TO LEAVE, ARE YOU?!
...
BA-THUMP BA-THUMP BA-THUMP BA-THUMP BA-THUMP BA-THUMP

I thought those guys
drew up those "messed up measurements" on purpose
Huh...?
but that wasn't it at all



...
I think...
...usually... it's not like that.
Really?
I mean, definitely
P~probably



...
I see
Oh...!
Huh ?
The blueprints.

...we should get Sou-kun to make them.
Sou...
_kun?
Yeah.
MAN, I'M SUCH AN IDIOT! I BELIEVED THAT ISHIDOU_! ISHIDOU_! YOU'RE SO FULL OF SHIT!
NO WAY I'M OVER IT...!
HEY, TEN...! YOU'RE STILL NOT OVER THIS_?
THIS IS ALREADY YOUR FOURTH LAP AROUND THE ENTIRE SCHOOL_!
GIVE US BACK OUR WEEK OF HARD LABOR IN THE SCORCHING HEAT_!
HOW COULD I MAKE IT THAT EXACT SIZE_?! YOU BASTARD!
took the kimono away from him
END
